

Building Capacity for High-Quality *IDEA* Data

The logo for the IDEA Interactive Institutes (ii16), consisting of the lowercase letters 'ii' and the number '16' in a white, outlined, sans-serif font, set against a background of a green bar chart.

IDC Interactive Institutes on High-Quality Part B Data

In collaboration with **CIFR, CIID, & NTACT**

Want to Integrate Your Data? Let's Start at the Beginning

Kansas City, MO – May 10-11, 2016

Aaron Petrillo, CIID

Sara Sinani, CIID

Savannah, GA – June 1-2, 2016

Tate Gould, CIID

Bruce Bull, CIID

Agenda

- What is CIID?
- Importance of establishing a use case
- Small groups: Use case development
- Peer feedback

Aaron Petrillo

CIID Technical Assistance Co-Lead

Sara Sinani

CIID Knowledge Development Co-Lead

Tate Gould

CIID Technical Assistance Co-Lead

Bruce Bull

CIID Knowledge Development Co-Lead

What is CIID?

The **Center for the Integration of IDEA Data** is a technical assistance data center funded by the Office of Special Education Programs (OSEP)

MISSION

Help states integrate IDEA Part B Sections 616 and 618 data with their statewide longitudinal data system (SLDS)

SUPPORTS

Develop resources and provide direct support to states to improve their data integration efforts

Why should I integrate my data?

Integrating *Individuals with Disabilities Education Act (IDEA) Part B Sections 616 and 618* data with SLDS:

- Informs policy decisions
- Improves federal reporting
- Increases quality and access to data

What is the CIID Data Integration Toolkit?

- A sample road map for state-level data integration
- A resource to help states understand the core requirements of data integration
- A tool that focuses on state-level integration of data

Who is in the room?

Who's in the room?

- What state are you from and what is your role?
- Have you or are you hoping to integrate any IDEA and State Longitudinal Data System (SLDS) data?
- What do you hope to get out of this session?

Importance of Establishing a Use Case

Importance of Establishing a Use Case

Before beginning any data integration project:

- Identify the challenge to be addressed or question to be answered
- Establish why integration is needed

Importance of Establishing a Use Case (cont.)

- Establish goal/purpose for integration
- Identify the datasets or systems to integrate
- Ensure common understanding among key stakeholders

Importance of Establishing a Use Case (cont.)

- Identify champions to support integration efforts
- Identify challengers and develop plan to address concerns

Toolkit Steps & Tasks

STEP 1

Articulate use cases(s) for integration

- Identify and document use cases for integration
- Present to state leaders for support and initial approval

Sample Use Cases for Integration

- Reduce federal reporting burden by reporting IDEA ED*Facts* data through SLDS
- Improve data quality
- Answer specific policy questions

Use Case Activity

Small Groups—Developing Use Cases

- Form into state teams or groups of 3-4
- 25 minutes
 - Identify 1 challenge or question to solve through data integration
 - Complete the Use Case Template
 - If time, repeat for a 2nd challenge or question

Small Groups—Use Case Feedback

- 5 minutes: Group A - share use case with Group B.
- 3 minutes: Group B - discuss Group A use case and provides feedback.
- Repeat for Group B use case.
- Incorporate feedback.

Group Report Out

Final Discussion
