IDC IDEA DATA CENTER

Building Capacity for High-Quality *IDEA* Data
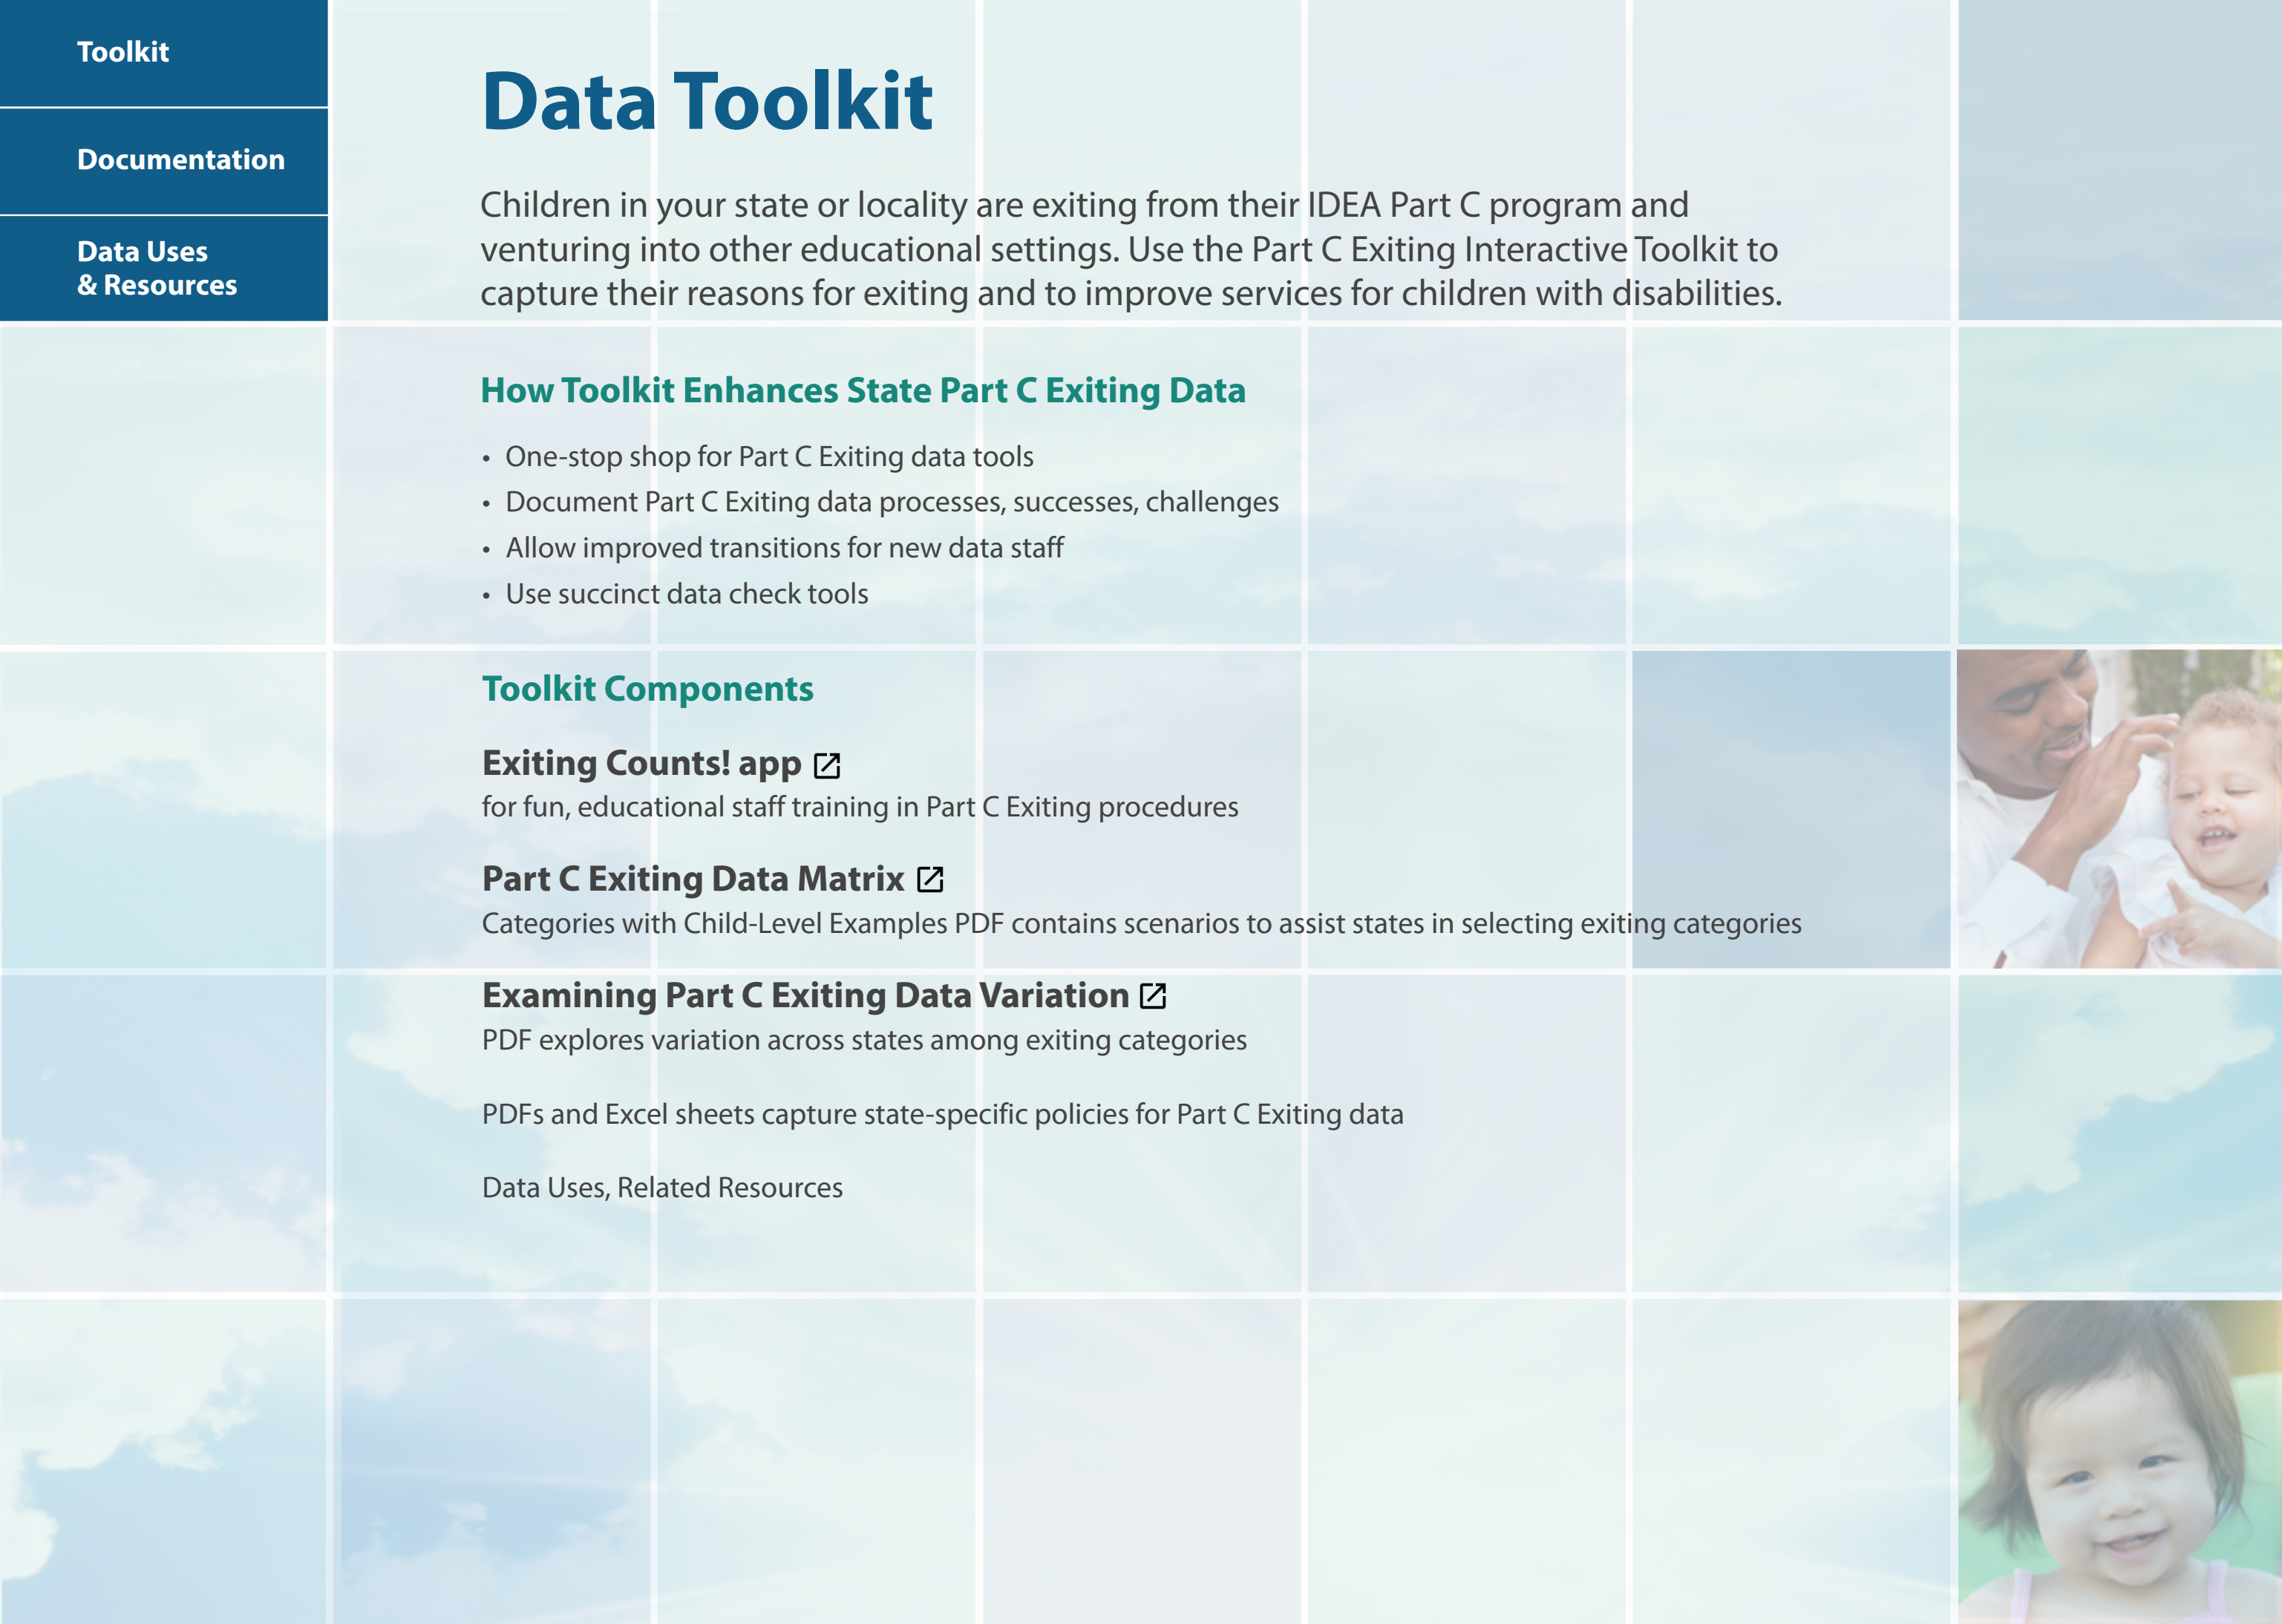

EXITING PART C

Data Toolkit

Children in your state or locality are exiting from their IDEA Part C program and venturing into other educational settings. Use the Part C Exiting Interactive Toolkit to capture their reasons for exiting and to improve services for children with disabilities.

How Toolkit Enhances State Part C Exiting Data

- One-stop shop for Part C Exiting data tools
- Document Part C Exiting data processes, successes, challenges
- Allow improved transitions for new data staff
- Use succinct data check tools

Toolkit Components

Exiting Counts! app ↗
for fun, educational staff training in Part C Exiting procedures
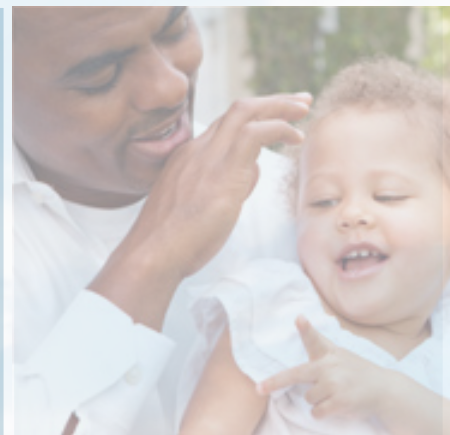

Part C Exiting Data Matrix ↗
Categories with Child-Level Examples PDF contains scenarios to assist states in selecting exiting categories

Examining Part C Exiting Data Variation ↗
PDF explores variation across states among exiting categories

PDFs and Excel sheets capture state-specific policies for Part C Exiting data

Data Uses, Related Resources

Documentation of State-Specific Processes

Informational PDFs and Excel sheets allow for state-specific documentation of:

- Part C Exiting Reasons and Categories
- General Challenges and Solutions
- Specific Challenges and Solutions
- Data Check Patterns for Non-duplicated Counts

▶ Identify Part C Exiting Data Reasons and Categories

PDF	Full explanations of 3 exiting reasons and 10 exiting categories.	**EXCEL**	To document specific issues and suggested procedures.

▶ Document General Challenges & Solutions

PDF	For overall exiting category challenges and potential solutions.	**EXCEL**	To document state general challenges and to generate solutions.

▶ Document Specific Challenges & Solutions

PDF	For specific challenges related to the exiting categories and to facilitate discussions of solutions.	**EXCEL**	To document specific challenges related to each exiting category and to generate solutions.

▶ Examine Data Check Patterns

PDF	For expected patterns and analyses related to child age at exit.	**EXCEL**	To document specific issues and suggested procedures.

▶ Examine Additional Data Check Patterns

PDF	For additional helpful data check questions.	**EXCEL**	To document additional data check patterns.

Where Are Part C Exiting Data Used?

Part C Exiting data provide accountability for many components of Part C services:
