Why Should I Care About *EDFacts* Modernization?

Audrey Rudick, IDEA Data Center

November 15–16, 2022

Participant Outcomes

- Understand the major changes happening with *EDFacts* modernization

EDFacts Modernization Goals

- Update an aged technical system
- Create better operations to
 - Ensure data are usable at the due date
 - Improve data quality review processes
- Provide states with better ownership of data quality

Current EDFacts Cycle

- 
- A vertical flowchart with five steps, each in a dark blue box. The boxes are connected by downward-pointing arrows, indicating a sequential process. The steps are: 1. States submit data by the due date to EDFacts Submission System (ESS); 2. Some business rules applied during submission; 3. Data pulled, and data quality review conducted; 4. Data quality results sent to States to Review; 5. States must resubmit files or respond to data quality findings.
1. States submit data by the due date to EDFacts Submission System (ESS)
 2. Some business rules applied during submission
 3. Data pulled, and data quality review conducted
 4. Data quality results sent to States to Review
 5. States must resubmit files or respond to data quality findings

Modernized *EDFacts* Cycle

1. Business rules applied during pre-submission

2. States submit data by the due date through EDPass

3. Data are usable once submitted!
No post-submission data quality review.

Pre-Submission

- After uploading data, edit checks will run
- You must add data notes for any data quality concerns or outstanding edits
- OSEP considers data final once submitted
- There is no resubmission period

SPP/APR Implications

- Data due dates
- Data quality review
